"Jen comes from a tight-knit family who taught her to fight for her marriage," says a source. "But in the end, they couldn't make it work."

BEN & JEN'S

SAD END

AS BEN AFFLECK AND JENNIFER GARNER'S MARRIAGE COMES TO A CLOSE, OK! REVEALS NEW DETAILS ABOUT ITS DEMISE

It was a long time coming — but **Ben Affleck** and **Jennifer Garner** waited for the day after their 10th wedding anniversary to officially call it quits.

By the time of their dreamy 2005 elopement on the sands of Turks and Caicos, Jennifer, 43, was already pregnant with their daughter Violet, now 9 (Seraphina, 6, and Samuel, 3, came later); Ben, 42, seemed to have finally settled down. But over the years, he reverted to the

worst of his bad-boy habits: gambling, drinking, shady trips out of town without his wedding ring. Occasionally he crashed at pal **Matt Damon**'s house while tensions simmered at home.

Now OK! has new details about the months leading up to the split. While whispers of infidelity on Ben's part had

plagued the marriage for years — stories Jen always dismissed as mere gossip — sources say she got wind of yet another rumored affair and finally hit her breaking point. "True or

not, that sent Jen over the edge," says a source. "They'd gone to counseling, and she'd tried to forgive his behavior, but enough was enough. She became exhausted by the innuendo that followed them everywhere."

While a divorce announcement on the occasion of a 10-year anniversary may sound odd, sources say the timing will help entitle Jen to half of Ben's reported \$75 million net worth. "They don't have a prenup, and Ben knows he's the one who screwed up the marriage," says a source. "Jen's the mother of his three kids, so he's fine with letting her take half."

During a particularly depressing lunch on June 20, Jen met Ben alongside her mother — there for moral support — to discuss the terms of the split. "Ben looked miserable," says a witness. "He leaned back, crossed his arms and ordered nothing but water."

Adds a source, "Jen's having a hard time, but she can't live like this anymore. Ultimately, this was her decision." **OK!**

OK! TOLD YOU FIRST!

In the June 8 issue — before any other weekly — OK! reported Ben and Jen had already separated and would make a divorce announcement around their 10th anniversary.

KHLOÉ: THE NEW BACHELORETTE!

Will **Khloé Kardashian** take this rose? Sources tell **OK!** that the unlucky-in-love 31-year-old is in secret talks with ABC to become

the new *Bachelorette* — and they're on the brink of pulling it off! Network execs have been pushing hard for months, convinced it could be one of the biggest reality coups in history. "Khloé has definitely warmed up to the idea," a close friend reveals. "Not only is it a chance to meet Mr. Right, but she sees the opportunity as a great career move." And a great investment: If all goes according to plan, she could walk away with a \$10 million paycheck. "ABC has been throwing out a lot of big numbers because they think it's got 'surefire hit' written all over it," adds the pal.

Friends of the *Keeping Up with the Kardashians* star are supportive of the idea, convinced it's the perfect move to turn Khloé's love life around. Her marriage to **Lamar Odom** ended in heartache in 2013 when his affairs and drug abuse were exposed. She was humiliated again last year when it became clear rapper **French Montana** was using her to raise his profile. "Khloé is sick of being lonely," says the source. "She knows going on *The Bachelorette* might be shocking but wants to find that special someone who's going to treat her well." Plus there's nothing like 25 suitors and more than 7 million viewers to help Khloé assert a little independence from her sisters.

A source says execs at E! think the show will be "good publicity, like her *The X Factor* gig with Mario Lopez."

A friend reveals the potential gig is behind Khloé's recent weight loss: "Millions of people will be watching, so she wants to look her absolute best."

JEN & SELENA THE NEW ODD COUPLE

Move over, Courteney Cox! When it comes to Jennifer Aniston's circle of friends, no one saw Selena Gomez coming! The unlikely duo first made headlines last winter after hitting awards show festivities together, and now a source reveals that many are wondering what the 46-year-old A-lister and 22-year-old Disney alum could possibly have in common. "No one has openly discussed it with Jen, but all her longtime pals are a little confused," the insider tells OK!.

According to Selena, the pair hit it off after being set up through their management. "It was kind of like a friendly meeting, and instantly she's, like, inviting me to her house," Selena revealed. "She's very cool and very sweet." The starlet is reportedly equally smitten with Jen's fiancé, Justin Theroux. Adds the source: "The three of them are like a little family." Guess that makes Selena bridesmaid material!

From fan to sous chef! Six months after Selena's gushing post, she revealed the pair now make pizzas together at Jen's house.

JAY Z'S TESLA TROUBLE

Hova's got 99 problems — and parking is one! On June 17, Jay Z was spotted leaving dinner at Geoffrey's in Malibu with Beyoncé in his new Tesla S, but the electric vehicle proved to be a little too high-tech for him. According to an eyewitness, the hip-hop star refused to hand the valet the keys to the sedan, opting to try maneuver out of the tiny parking area himself. "Jay just couldn't get it in drive," dishes the source. "The car just wouldn't budge — and Beyoncé couldn't stop laughing!"

"He caused quite a scene before he finally got on the road," dishes a spy.

"Ryan's geeky and socially awkward, which can rub people the wrong way," says the source.

RYAN A SOLITARY MAN

Table for one? According to an insider, hunky actor Ryan Gosling is quite the hermit. "He hasn't made any close friends in the 20 years he's been working in L.A.," says the source. "He used to be funny and open, but fame has closed him off to meeting new people because he doesn't feel like he can trust anyone." No doubt there are plenty of gals out there ready to prove him wrong!

JENNIE'S INSANE INK

Forget her bikini body — when Jennie Garth hit the beach on June 29, all eyes were on her body art! The actress revealed a set of huge new tattoos while vacationing in Hawaii with fiancé David Abrams. An insider tells *OK!* that the images are only the latest example of the star's increasingly odd behavior. "Everyone keeps saying that she's kind of losing it," says the source. "She's hard to get hold of, and when she is reachable, she seems distant and doesn't make much sense." Friends also fear she could be rushing down the aisle.

Although Jennie already had a few small designs, the source says: "It's so sad to see those giant ink stains on her hips."

She accepted David's proposal in April after dating for just a few months. "Jennie is making a lot of rash decisions, which is very unlike her," adds the source. At least marriage isn't as permanent as tattoos!

SLOW DOWN, GIGI!

When it comes to Gigi Hadid's summertime schedule, it's **work hard, play harder!** Over the last few weeks the model jetted between São Paulo, Brazil; Toronto; Malibu; and NYC before joining the rest of pal Taylor Swift's star-studded squad onstage in the U.K. Now friends fear it's only a matter of time before the globe-trotting It Girl crashes and burns. "Gigi doesn't mind going days without sleep," dishes a source. "She figures that since she works hard, she's earned the right to party all night — and she takes full advantage of that philosophy." But recently it seems like her body can't quite keep up with her mantra. "The other day she was so exhausted, she could barely move," admits the insider. "She's trying to compensate by drinking a ton of Red Bull, but the lack of rest is making her irritable." Someone had better tell Gigi that naps never go out of style!

"Gigi barely got four hours of sleep last week," reveals a source.

Calvin
Instagrammed
video of Taylor's cat
Meredith Gray while
the singer was off
on the European leg
of her tour.

Taylor & Calvin MOVING IN

Taylor Swift took a major leap of faith when she let her boyfriend, **Calvin Harris**, babysit her beloved cats, Meredith Grey and Olivia Benson, while she was in Europe in June on her 1989 World Tour. And it paid off big-time — the couple, who've only been dating since February, have already decided to move in together!

"Taylor trusts Calvin more than anyone she's ever met, and she's ready to take the next step," a source says. "Both of them have to travel all over for gigs, but they hate being

apart. They practically live at each other's places whenever they have some downtime."

Back in May, it was big news when photographers caught Calvin, 31, and Taylor, 25, leaving the singer's New York City apartment together three days in a row. "She's never let a guy stay with her for any length of time," says one of Taylor's friends. "For this to happen so quickly says a lot."

After a series of well-chronicled breakups, Taylor admitted in an interview that dating had turned into "public humiliation" for her, and

she wasn't up for it because "there is no easy way for me to engage with romance." So her decision to let Calvin into her life was huge, and "her family and friends couldn't be happier," the source says. For his part, the Scottish DJ hopes "his girl" (as he's adoringly referred to Taylor on Twitter) will be able to meet his parents soon. "He's confident they'll love her."

Though their love has heated up quickly, "it just feels natural," adds the source. "This is the real deal for them both, and they want everyone to know it."

Liam & Maika IT'S ON!

Liam Hemsworth has met his perfect match — on the set of *Independence Day 2*! Sources say the Aussie hunk and costar **Maika Monroe** are looking very cozy together offscreen. “Everyone’s noticed their mutual affection,”

an insider says, adding that Maika seems to be the opposite of **Miley Cyrus**, Liam’s wild-child ex. “Maika is smart and down-to-earth and has a zero-drama personality, something Liam was attracted to immediately.” The outdoorsy duo — Maika, 22, is a pro kiteboarder, and Liam, 25, an avid surfer — are planning beach dates and

camping trips.

The source says Liam thinks Maika’s “the coolest girl he’s ever met.”

“Maika makes him laugh all day long,” the insider says, adding that Liam has even asked her to meet his brother, Chris. “They’re adorable together.”

A witness said Rumer and Maeve were “flirty.”

Rumer’s NEW LOVE

After winning *Dancing with the Stars*, **Rumer Willis** said that, for the first time, she’s content just to figure out what she wants — and it looks like that’s a romance with stylist **Maeve Reilly**! Witnesses spotted the pair being “very affectionate” at L.A. club *Bootsy Bellows* on June 23, and photogs snapped them hand in hand as they left. Maeve, 26, even posted a pic from the night captioned, “#ReunitedAndItFeelsSoGood,” and referred to 26-year-old Rumer, a client, as “Bae.” A source says they’re just having fun, but “Rumer talks about her a lot, and they have great chemistry.”

Sean REBOUNDED WITH MINKA?

Sean Penn sure doesn't waste any time — just weeks after his split from **Charlize Theron** was announced, the actor was spotted celebrating **Minka Kelly**'s 35th birthday at The French Laundry in California's Napa Valley on June 23. The restaurant is notoriously hard to get into — reservations fill up months in advance — but a source says "Sean pulled some strings and paid for everything," adding that he's "pulling out all the stops to impress her." The insider says that when Sean, 54, met Minka at the Second Annual Sean Penn & Friends Help Haiti Home gala in January 2013, "they hit it off" and "had instant chemistry." But she was dating **Chris Evans**, 34, at the

time. Even so, the source dishes, "Sean kept in touch with Minka and made a point to check in often. It was a bone of contention with Charlize." One he clearly doesn't have to worry about anymore!

A fellow diner at The French Laundry snapped this photo of Sean and Minka (foreground) celebrating her birthday.

Christina & Matt's WEDDING WOES

Christina Aguilera said in February she's "not in a rush to set a date" for her nuptials with fiancé **Matt Rutler** because "we don't need [it] to prove our love and commitment." But sources say the real reason for the delay is her over-the-top planning! "Several wedding coordinators have been hired and fired," an insider says. "Matt's family has also offered to help, but every suggestion is shot down. It's her way or the highway." Apparently the singer even had a dress designed but changed her mind about it halfway through the process. The couple have been engaged since Valentine's Day 2014 — and although Christina, 34, claims work commitments are to blame, they surely could've tied the knot by now. Hopefully she won't change her mind about 30-year-old Matt too!

Luisa looked less lusty than Orlando!

Orlando's PDA PAWFEST

Orlando Bloom took **Luisa Moraes** to Zooma Sushi in Malibu on June 26 — but it was clear he was much more interested in the company than the food. Orlando, 38, set tongues wagging as he kissed and nuzzled the 28-year-old Brazilian actress and model between bites (in full view of other diners), and a source says he's smitten. "The relationship is still new, but he really likes Luisa," a pal dishes. And it seems they're getting serious quickly. "He wants to introduce her to his son, Flynn," the friend says, adding that Orlando has already set the plan in motion by mentioning Luisa to his supermodel ex, **Miranda Kerr**, 32, who's "thrilled he's finally moving on."

KYLIE:

“I’M
THE
NEW
KIM”

KYLIE JENNER WILL DO WHATEVER IT TAKES
TO SNATCH BIG SISTER **KIM KARDASHIAN**’S
CROWN... INCLUDING A DRASTIC MAKEOVER!

A source says Kim is not threatened by her baby sister's copycat ways, she just thinks Kylie's "a loser."

a staggering sum for a teenager who doesn't even really have a job.

Of course, much of the credit for Kylie's success should go to her older sister, whose nascent fame, circa 2007, provided the hook for the family's reality show. But Kylie doesn't see it that way. Instead, the source says, she seems to regard her growing renown as the most natural thing in the world, and she's planning to eclipse Kim as soon as possible by becoming, in her mind, a newer, better version of the star. Yes, Kylie is turning into Kim 2.0!

For Kylie Jenner, *Keeping Up With the Kardashians* isn't just the name of her family's TV show. According to a source close to the star, it's also become her

mission in life. "She's determined to be the new Kim," the source explains. "She's following her big sister's blueprint, using it to amass the sort of fame and fortune she wants — and it's actually working!"

Indeed: Some of Kylie's current projects and endorsements may seem a little low-rent, but the 17-year-old is already miles ahead of where **Kim Kardashian**, now 34, was at the same age. Not only does Kylie have tens of millions of followers on social media (which, to be fair, didn't exist when Kim was young), she's already worth an estimated \$5 million,

ATTACK OF THE CLONE

Lately, Kylie resembles nothing so much as a Kimbot. But longtime fans of their show will remember that, until fairly recently, the two half sisters didn't actually look all that much alike. Their only shared feature was the head of thick, almost-black

hair that both of them inherited from their mother,

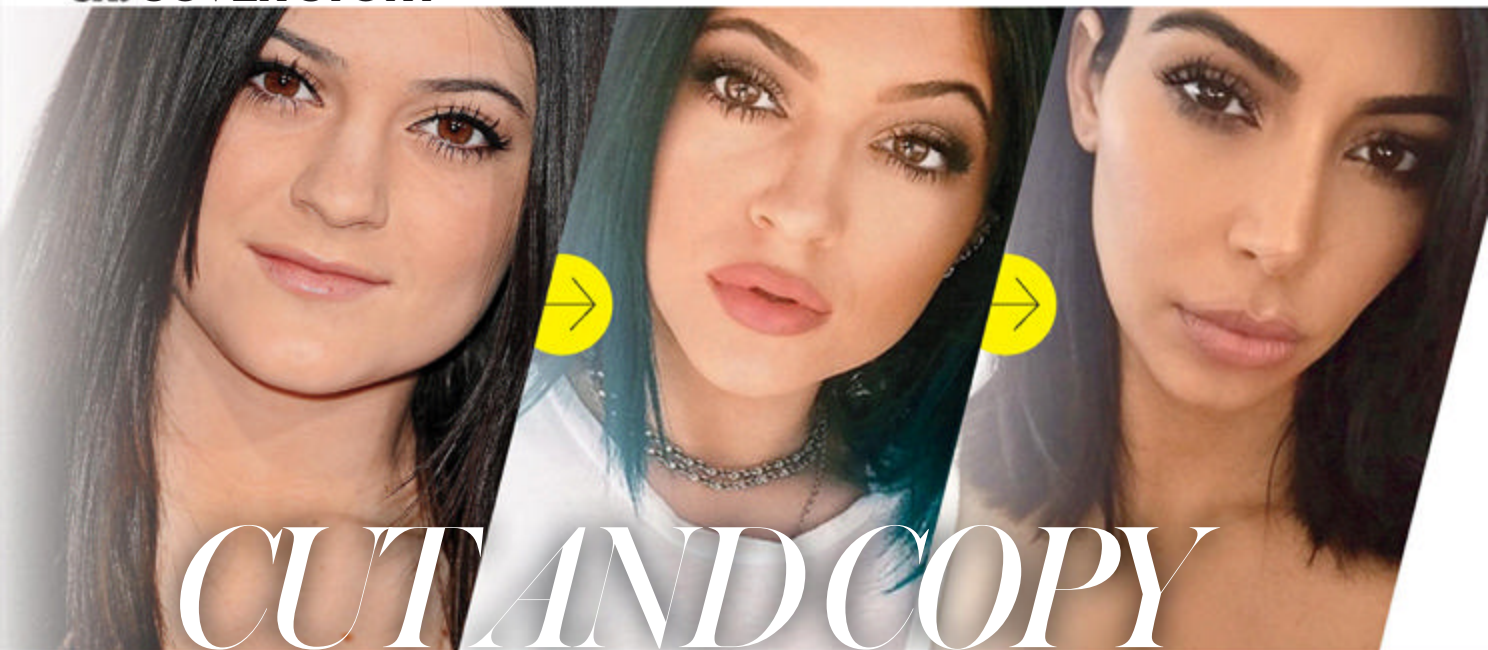

Kris Jenner. (The two also have brown eyes — but Kim's are much darker.)

**KYLIE
DOESN'T
JUST WANT
WHAT KIM
HAS, SHE
WANTS TO
BE HER**

So, how is it that now, from some angles, they could easily be mistaken for twins? It's all thanks to the intense program of targeted cosmetic procedures — reportedly, 12 so far, to the tune of \$2 million — that, the source says, Kylie's been undergoing for quite some time. "She

looks absolutely nothing like she did a few years ago, and it's been the plan all along to transform herself as much as possible into Kim," the source says.

The dress that Kylie wore to the June 19 grand opening of the Sugar Factory Miami struck many as being way too sexy for a 17-year-old (and a candy store)!

CUT AND COPY

The only cosmetic procedure to which Kylie has copped is, as she put it, “temporary lip fillers.” But a source close to the teen confirms what even a casual observer would suspect, especially when comparing a recent photo to one from 2012 (above left): She’s had plenty of work done. Her surgeries have been reported to include breast augmentation,

a butt boost, an eyebrow lift, upper eyelid surgery, a chin implant, jaw reshaping and a nose job, all of which make her look like a carbon copy of her (reportedly similarly enhanced) sis. And that’s no accident: Her goal was to “transform herself into Kim,” the source says, adding that Kylie is not done yet. “She wants to do even more to her body.”

But Kylie didn’t stop with surgery: She also has been systematically co-opting Kim’s style. “Her wardrobe is almost an exact replica of Kim’s,” says the source. And the overlap can’t be explained away by a natural similarity in style. Instead, the source reports, Kylie purposefully copies her big sister, in the hopes that she can prove (to herself? to her fans?) that she “wore it better.”

to severe bullying” by so-called fans. As Kylie herself has said, “I was young, and my sisters were so beautiful and had it all together.”

But instead of growing up a bit and realizing that there was more to her than her looks, Kylie became hell-bent on changing them. “As soon as she was old enough, she decided she was going

to do something about it,” the source says. (Of course, some might say that she’s *not* “old enough,” but no matter: “She hounded Kris until she signed off on her surgery,” the source reveals.)

Now, though, Kylie’s self-image is skyrocketing. “She’s never felt more confident in the way

BURNED BY THE SPOTLIGHT

Truth be told, the origin of Kylie’s obsession with her glamorous older sister is a little bit sad. When she was a child coping with the omnipresent cameras that filmed her and her family for their supersuccessful show, the source says, “She always believed that she was the ugly duckling and was subjected

STYLE KNOCK-OFF

WHITE NIGHTS

she looks,” the source says. “She wants to show off her body and always talks about how Kim must be so jealous, because she’s younger and prettier and gets more attention from guys these days.”

HIGH HEELS TO FILL

So perhaps it’s no surprise that Kylie is already openly discussing the next phase in her plan: posing for *Playboy*, like Kim did. “It’s an outrageous thought, especially since she isn’t even 18 yet,” says the source, of Kylie’s intention to bare all. “But she’s seen what taking her clothes off has done for Kim’s career, and she’s already bragging about how her issue will outsell her sister’s.”

And momager Kris is 100 percent behind her. “For the longest time,” the source says, “Kylie resented Kris because her whole world was Kim, the family’s cash cow. Kylie felt like Kris paid little attention to her needs.” But now Kris is seeing her youngest daughter’s potential — if she gets her own TV show and continues to rack up endorsement deals, she

could be looking at \$20 million in earnings in a few years, a source says — and they pair are tighter than ever. “She’s been desperate to get Kris’ approval, and she finally has it.”

STILL SECOND FIDDLE

Tellingly, though, Kim is completely unthreatened by her little sister’s scheming. Kylie may think, “Anything Kim can do, I can do better,” but so far, Kim is indisputably on top. “She thinks it’s cute that Kylie idolizes her,” the source reveals. “She’s on a pedestal, and of course she’s happy about that.”

Kim’s lack of reaction has Kylie even more riled up, the source says, because she wants to believe that they are in a fierce competition for fame, followers and fans. “Kylie is convinced that they’re rivals. Recently, when Kim did a photo shoot in the desert right after Kylie did, Kylie accused her of stealing the idea. She threw a fit.” But Kim didn’t care. As the source says, for now, “it’s a one-sided argument.”

OK!

Kylie has already begun moving into her new \$2.7 million Calabasas mansion.

IS A SEX TAPE NEXT?

Given that she’s underage, the idea that Kylie might be mulling a

sex tape is disturbing. But a source says that she is very much “open to it”; after all, Kim’s leaked romp with **Ray J** made her a star. Her likely costar? Boyfriend **Tyga**, 25 (inset), who has said he “doesn’t give a [hoot] what the law says” about their romance. In fact, the source says, the pair may have already filmed themselves.

BLUE JEAN QUEENS

Seeing double? No need to get your eyes checked. The only difference between Kylie’s all-denim ensemble and Kim’s is the substitution of boots for heels.

LADIES IN RED

The matching minidresses are no mistake. “Kylie sees Kim wearing something and vows to ‘wear it better,’” a source explains. But she barely changes a thing!

BATHING BEAUTIES

Most recently, Kylie took her copycat routine to its logical conclusion, snapping herself wearing a white bikini that she actually borrowed from Kim.

JLAW & CHRIS FULL SPEED AHEAD

SPEED BUMP

After Chris' recent late-night stroll with Kylie Minogue, a source says, "He swore it was innocent, and Jen decided to let it go and trust him."

BELIEVERS, HAVE FAITH!
JENNIFER LAWRENCE AND
CHRIS MARTIN ARE STILL
TOGETHER AND TAKING THEIR
RELATIONSHIP TO THE NEXT
LEVEL — ON BOTH COASTS!

Despite recent reports that they've gone their separate ways, *OK!* has learned that **Jennifer Lawrence** and **Chris Martin** are very much still together — and even making plans for the

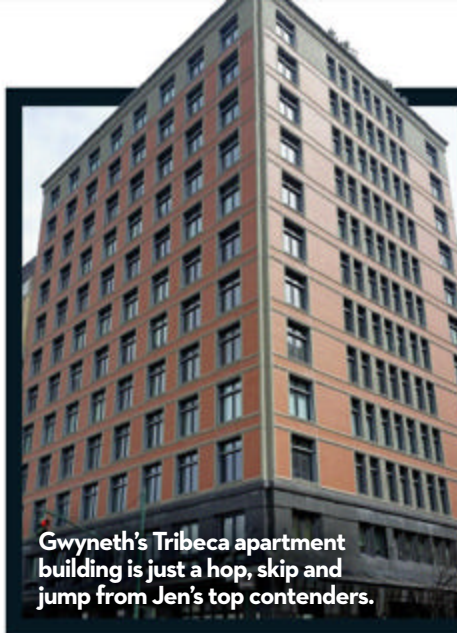

future. Sources say that just weeks after Chris, 38, cleared out space for Jen's belongings in his Malibu mansion, Jen, 24, has returned the favor by hunting for a New York City apartment with plenty of room for two.

"Jen and Chris are more serious every day and are ready to take the leap and live together," says an insider, who adds that Jen has an \$8 million budget and is searching for a pad with four or five bedrooms.

For a Hollywood A-list'er, setting up a glamorous bicoastal life is nothing new. But sources say Jen's apartment search is also her way of showing Chris how dedicated she is to their relationship: Not only is she reportedly seeking enough space for occasional visits from Chris' two kids, **Apple**, 11, and **Moses**, 9 — she's also agreed to live in Tribeca, the downtown neighborhood where Chris' ex-wife, **Gwyneth Paltrow**, resides.

"Jennifer and

Gwyneth aren't friends by any means," says a source, "but they're open to getting to know each other. Jen had a hard time with Chris and Gwyneth's relationship for a while,

Gwyneth's Tribeca apartment building is just a hop, skip and jump from Jen's top contenders.

but now that he's gotten divorced and wants to live with her, she's OK with it." The source adds that Gwyneth has been kept apprised of Jen's apartment search and she "loves the idea of the children being able to walk between hers and Chris' homes to see them whenever they want."

For Jen's part, sources say that the Kentucky native is happy to accommodate a family-first lifestyle. "Jen is a family girl at heart," says an insider. "She believes it's important to bond with Chris' kids if she's going to have a solid relationship with him."

TAKING THE NEXT STEP

Jennifer has lately been on a property shopping spree worthy of a movie megastar. After her 2013 Oscar win (for *Silver Linings Playbook*) and highly successful anchoring of the *Hunger Games* franchise cemented

IF SHE CAN MAKE IT HERE...

Sources say Jen's been extremely hands-on with her NYC apartment search and has taken a special liking to a historic Tribeca building whose cheapest unit rings in at \$7 million. The most expensive? A \$51 million penthouse, of course.

Jen charges ahead on property tours with a friend.

her A-list status, Jen — who recently secured a \$20 million payday for the sci-fi drama *Passengers* — has been flaunting her clout in the form of real estate. Her New York apartment will complement her recent purchase of an \$8.2 million Beverly Hills estate (which once belonged to **Jessica Simpson**) — but the NYC space is a decidedly more personal investment.

"This is a big move," says an insider. "Ever since Chris' divorce was finalized, Jennifer really thinks he could be The One." **OK!**

WHAT — ME, WORRY?

SHE IS THE WALRUS

Occasionally camera-shy, Jen was in a superplayful mood on her recent NYC house-hunting trip, making expert use of chopsticks following a sushi dinner.

IT'S A DRAW

Leave it to Jen's family to ignite her goofy side. After dinner with the Lawrence crew, Jen emerged with a perfectly panned beard and twirly mustache.

Bright lights, big city: In just a few days, a stunningly coiffed, outfitted and manicured Caitlyn celebrated Gay Pride, took meetings and dined with the media elite.

CELEBRATING WITH PRIDE

Caitlyn wore an all-white ensemble to an event at the Dream Downtown hotel on Gay Pride Day — where she was snapped by thrilled revelers — which featured a performance by her friend **Candis Cayne** (below), a transgender actress.

BEING A ROLE MODEL

She donned a wrap dress by fave designer

Diane von Furstenberg, along with sandals and big hoop earrings, to visit the Lesbian, Gay, Bisexual & Transgender Community Center in Chelsea.

There hasn't been this much excitement about a fashionista in New York City since

the days of Carrie Bradshaw! All eyes were on **Caitlyn Jenner**, 65, when she hit Manhattan in late June, and the newly minted transgender icon relished the attention — not to mention the spirit of New York's LGBT-friendly culture. Now Caitlyn, who's filming her reality series, *I Am Cait* (set to debut July 26 on E!), is ready to take the next steps: buying an apartment and even starting a relationship in the Big Apple.

"Caitlyn feels it will be easier to find someone to date in New York," a friend dishes to *OK!*. "She can't wait to explore her new identity in a new city."

STARTING OVER

Unlike scenic but secluded Malibu, New York has always been a magnet for those looking to reinvent themselves. "Caitlyn feels like such a free spirit there," says the friend. "As much as she loves Malibu, she senses the disapproving stares of people who still see her as Bruce, and she's never been able to party

or have fun there as the person she really is. She wants her own penthouse in New York so she can play hostess to the city's movers and shakers."

Caitlyn, who showcased her stunning curves in a series of designer outfits during her recent visit, has clearly embraced the East Coast's high-end style. "In New York, she gets to ditch her beachy maxidresses and turn up the glam," says the source. "She's excited about hitting designer boutiques."

LIVING HER OWN LIFE

She's also looking forward to leaving Kardashian family chaos in the rearview mirror. "That was her former life," says the insider. "If there's drama to be had now, Caitlyn wants it on her own terms." Though she and ex **Kris Jenner** claim to be friendly, sources say Caitlyn welcomes putting more distance between them. "Of course she'll miss the kids," the insider adds, "but they already feel like New York is their second home, and they'll think nothing of jumping on a plane to come visit."

Caitlyn will surely continue to be bicoastal, "but she sees herself spending more time in New York," says her friend. "Especially if she meets someone special, which is her goal!" **OK!**

DINNER WITH DIANE

Her black Hervé Léger bandage dress, which she wore to dine with **Diane Sawyer** at Tutto il Giorno, was a showstopper. The pair have become friends since taping their ABC special.

She capped off her stylish day by attending *An American in Paris* with pal Candis Cayne, wearing a cleavage-baring blue lace DVF design and the slingback heels she loves.

OK! LOVE LIVES

They're famously funny on the red carpet, but lately the joking between **Chris Pratt** and **Anna Faris** has been more cutting than cute. The problem is as old as the Hollywood Hills: His career has eclipsed hers – and though their reps deny any trouble, sources say the strain is showing. “Chris’ ego has exploded,” says an insider of the *Guardians of the Galaxy* and *Jurassic World* leading man. “He’s cocky and rude to Anna, who worries she’s old news now. All the differences between them have risen to the surface.”

TRADING CUDDLY FOR SEXY

When Chris, 36, dropped 60 pounds to get into action-hero shape a couple of years ago, it changed the dynamic of his relationship with Anna, 38, who admitted feeling “grumpy” that she could no longer make him all the “really fattening things” she likes. “That image that I was casting, to convince people that I was OK, was [of] a really fun person,” Chris said of his 300-pound self in one of many odd TMI quotes (see sidebar). “I was like a great pet fat guy.”

His ripped physique has also given gave him a new focus. “His testosterone is raging,” says the source. “He wants to

have sex all the time, but Anna would like romance and intimacy first.” As Chris – who revealed that he had a lower sex drive at his heaviest – has put it: “As soon as we get done with these movies, I’m going to be fat again. My wife will be safe from me, and I’ll be making no more sexual advances.” A joke, sure... but a pointed one.

THE STRESS OF SUCCESS

When the couple met in 2007, Chris was best known for TV’s *Everwood* and Anna, a star of the *Scary Movie* franchise, had seen her first marriage, to actor **Ben Indra**, splinter due to their unequal fame. Now Anna’s big gig is the sitcom *Mom*, while Chris, who once lived out of his van, is a major movie star

who’ll get a reported \$12 million for the upcoming sci-fi drama *Passengers*. The tables have turned, and he lets people know it. “When a friend complimented them on their home décor in front of a bunch of people recently, Chris laughed and said he was the reason they could afford an awesome interior designer,” says the insider. “He thought he was being funny, but Anna looked like she was about to burst into tears.”

One thing that hasn’t changed is the couple’s love for their son, Jack, who’ll be 3 in August. But it may not be enough to hold them together. “They’re both trying to keep up a façade,” says the source. “Chris loves having women fall all over him, even though it makes Anna feel bad. He’s consumed with becoming the next **Brad Pitt**, and she feels totally neglected.” It’s a shame his success has come at such a high price.

Selena Gomez

Growing Up in Hollywood

The starlet dishes about surviving the spotlight, being a role model and how she deals with mean girls

At only 22, **Selena Gomez** is well into the second act of her career. “The moment I hit 18,” says the former Disney darling, “I was eager to prove that I had my own voice, that I could do more than I had been doing.” With an album due soon (the sultry first single, “Good for You,” recently dropped) and several movies in the works (including September’s animated *Hotel Transylvania 2*), she’s primed to show the world all she can do. Her path hasn’t always been smooth — she’s put a tumultuous relationship with **Justin Bieber** and a stint in rehab behind her — but Selena, who was most recently linked to **DJ Zedd**, is now confident that “this is just the beginning for me.”

Tell us about your new album. When and where did you write it?

I had so much to say on this record. I just started talking about what I was feeling, and then I hit a roadblock. So I went to Mexico; I took three writers with me and explored the country. I had never done that before, and I was so inspired. I now know why it’s so special to have Gomez as a last name.

“The misconception of being a child star is that you are forced into it,” says Selena, who started in 2002 on *Barney & Friends*.

How do you feel about being a role model for young girls?

It’s been the best gift. I don’t mean that in a cheesy way. I keep going, [I try to] show them that I will never let anybody tell me I’m not good enough. I do everything based on what I believe in. That’s all I can do, really. But I am not perfect; I try to be that for young girls, but I don’t always succeed.

Do you think social media is dangerous, especially for young people?

I get it, the power of social media. I do it all the time: “Why do I look the way I do and not like the girl I see on the Internet?” To be honest, I think it’s so

toxic. Don’t get me wrong — I like feeling beautiful and sexy, but not if it becomes my all-day life. I’m glad there are awful pictures of me online!

What do you think of Hollywood It Girls?

I always ask the question, “What did they have to do to get there?” Did they work hard, did they chase their dreams, are they good women? I am not the best, but I hope people say, “She works hard, she loves her fans.” Some girls look up to people who don’t have the best intentions.

How do you deal with mean girls?

It surpasses just girls. But I think girls should embrace other girls. When I started doing music, I wanted women to embrace [me] more. But I found it was very competitive. The only response I have is to support people. Kill people with kindness and don’t worry about others! **OK!**

“I AM NOT PERFECT. I TRY TO BE THAT FOR YOUNG GIRLS, BUT I DON’T ALWAYS SUCCEED.”

With her mother, Mandy, who helps her stay centered. “She’s the one person who will say no when everybody else says yes,” Selena says.

Fast Facts

1. Selena’s first kiss was at age 12, on camera with Dylan Sprouse for Disney’s *The Suite Life of Zack & Cody*.

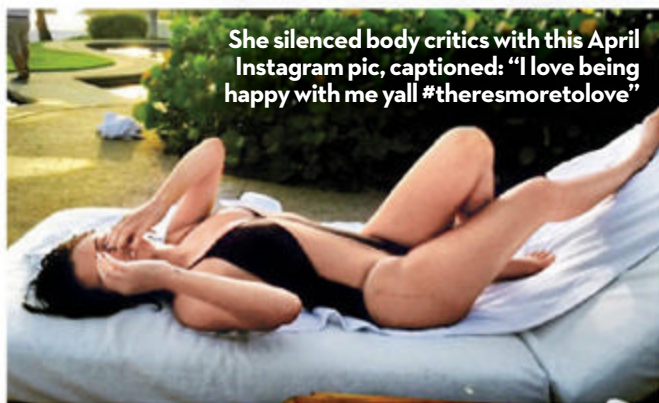

2. Her backstage must-haves on tour are incense, ramen and “pickles, always.”

HAYLIE DUFF'S CHAR-GRILLED VEGGIE PASTA SALAD

After she gave birth to daughter Ryan in May, **Haylie Duff** learned just how challenging it can be for new moms to find time to sneak a bite to eat. So the host of Cooking Channel's *The Real Girl's Kitchen* developed this make-ahead pasta salad recipe. "I wanted something that would last a few days and be easy to nibble on between feeding Ryan," she says. Want to up the nutritional value? Haylie says to add as many veggies as you like, adding, "This pasta is perfect for all busy people!"

Ingredients

- 1 (16-oz.) box whole wheat penne
- 1/2 cup olive oil, divided
- 1 yellow squash
- 1 zucchini
- 1 large bell pepper, cored
- 1 ear corn, husked
- 1 heirloom tomato
- 1 heaping tbsp. pesto (store-bought or homemade)
- Zest of 1 lemon
- Juice of 1 lemon
- Pinch of sea salt, ground black pepper, paprika, cayenne and garlic powder
- Handful of chopped Italian flat-leaf parsley

Directions

1. Cook pasta in a large pot of boiling water until al dente. Drain and toss with 1/4 cup olive oil so pasta doesn't stick together.
2. Using grill pan on top of stove or an outdoor grill, cook vegetables until soft, with char marks; let cool. Meanwhile, shave corn off cob. Then dice all the veggies.
3. Toss pasta and veggies together in big bowl. Then add pesto, lemon zest, lemon juice, remaining 1/4 cup olive oil and spices. Toss together and garnish with parsley.

THE NEW FACE OF I AM JUICY COUTURE SHARES HER TIPS FOR SCENTUAL SEDUCTION

As a child, Victoria's Secret Angel **Behati Prinsloo** loved the classic '70s fragrance Charlie. But 26-year-old Mrs. **Adam Levine** has moved on to more sophisticated perfumes. "I like to wear something a little more seductive," she shares. "I look for deeper, woodsier, earthier smells — I absolutely

love the fresh scent after it rains." So she responded to the cashmere woods and candied amber notes in I Am Juicy Couture. Her technique for maximizing its power? "I always spray on my wrists first, then rub my wrists right behind my ears so it gets in my hair," she says. "It's subtle but lasts all day."

As we age, our skin loses volume and radiance. But we don't have to take it lying down! Thanks to potent ingredients — including velvet flower for instant moisture and hyaluronic acid to plump, smooth and brighten — this serum helps ward off hollow cheeks and a dull complexion.

SMOKY EYE UPDATE

A smoky eye is always in style, but the classic darker hues can look heavy (not to mention streaky) in summer's bright sunshine. Instead, make like **Zendaya** and use shimmery, creamy formulas to create a season-appropriate palette. Reach for light, metallic pink and mauve shadows and pair them with a deeper-purple liner. Blending is key — start with dark colors at the lashline, then go lighter as you move up and out toward the brow.

OK! TALKS FASHION WITH *THE ASTRONAUT WIVES CLUB* COSTUME DESIGNER

While Eric assigned color palettes to each character to suggest her backstory, “the wardrobing process is a give-and-take collaboration that takes place in the fitting room,” he says.

The Swinging Sixties wardrobe of ABC’s new hit show *The Astronaut Wives Club* – based on a book by Lily Koppel, the true story of the women behind America’s first men to go to space – has us over the moon! “There’s a glamour and nostalgia that comes with this era that seems to be very exciting and inspiring for people,” says Eric Daman, the drama’s Emmy-winning costume designer. Eric gives OK! the scoop behind the show’s retro fashions and explains how you can pull them off today.

“The style evolution of each wife is a sign of the times – and of her personal evolution as well,” notes Eric.

GO BEHIND THE SCENES

Eric says a shocking 90 percent of the costumes are vintage. “I did a lot of shopping on Etsy,” he admits.

In addition to researching fabric patterns and reading magazines from that era, Eric binge watched ‘60s soap opera *Peyton Place* for inspiration.

TIPS FROM THE EXPERT

TWEEZERMAN BRUSH IQ BRAND AMBASSADOR ROB SCHEPPY HAS WORKED WITH KIM FOR 10-PLUS YEARS

1 Forget what you've seen on YouTube. Contouring isn't about drawing harsh lines on the face — it's about blending as you go. The right tools are key: Firm, well-shaped brushes help to glide along angles, while a blending sponge creates a seamless finish.

2 To start, you will need three foundation hues to contour the face: The first, and most important, is the right shade for your skin tone. From there, you'll need a foundation one shade lighter and another that is one shade darker.

3 After you apply foundation as normal, add the darker shade to the areas that you want to recede: right under the cheekbone, underneath the jaw and along the temples and hairline.

4 Apply the lighter foundation to the areas you want to bring forward, including underneath the eyes, the center of the forehead and the chin. Dampen your blending sponge and use it to blend the light and dark shades together.

5 To finish, blush is crucial — it pulls the whole look together. Smile and apply it to the apples of your cheeks.

6 Use these same contouring principles when applying your eye shadow. Put the darkest shadow into the crease, where the eye recedes, then add a lighter, shimmery shade to the lid and underneath the brow bone so that the eyes stand out.

NUTRITION TIP
FUEL UP POSTWORKOUT

During exercise, your body accesses the stored fuel known as glycogen. Right after a workout, when your muscles are broken down and depleted of this energy source, a meal or shake — SlimFast is a great choice — is essential to help rebuild and replenish them. It's a key step to keeping your metabolism revved up so you can burn fat all day long.

MOVE OF THE WEEK
SQUAT TO PRESS

STEP 1: Stand with feet hip-width apart. Hold a set of dumbbells at shoulder height and keep elbows lifted. Deeply bend both knees, shift hips back and lower down until thighs are close to parallel with the floor.

STEP 2: Drive through the ball of the big toe to return to standing. Press weights directly overhead. Make sure to keep chest up and core engaged.

STEP 3: Perform 10 reps. Aim to complete three sets, resting in between.

MINIONS

Sandra Bullock, Jon Hamm, Michael Keaton | PG | July 10

Look who's stepping into the spotlight! The minions — those little yellow creatures from *Despicable Me* — take center stage in this laugh-out-loud prequel, which also boasts voices from an all-star Hollywood cast. The movie focuses on the

origins of the critters, who have lived to serve from the dawn of time. After a series of unsuccessful masters (think: T. rex and Napoleon), their search leads them to Scarlet Overkill (Sandra), the world's first female supervillain.

JOEL MCHALE

HOST OF THE ESPY AWARDS

Like *Face/Off*, but a lot darker and more permanent.

SELF/LESS

Ryan Reynolds, Ben Kingsley, Natalie Martinez | PG-13 | July 10

Ben stars in this provocative new psychological thriller as Damian Hale, a billionaire industrialist who is suddenly faced with terminal cancer. His only hope is a radical procedure offered by a mysterious medical company, Phoenix Biogenic, whereby his consciousness is transferred into a dead but healthy body (belonging to Ryan). After the treatment, Damian assumes a new identity and enjoys all the spoils that come with being young, hot and filthy rich — until disturbing visions and flashbacks begin to plague him. Realizing that immortality may come at a dangerous price, Damian resolves to uncover the true origin of his new body.

Funnyman **Joel McHale** has a jam-packed schedule these days, including acting, hosting and partnering with Visa Checkout and Dunkin' Donuts in a series of fun Web videos. "I thought it was a cool idea because you waste so much time filling out forms online," says Joel. "Now if you enter your info into Visa Checkout, you can buy things instantly." Read on as Joel dishes on his upcoming projects.

You've signed on for the *X-Files* reboot. Were you a fan of the show?

A huge fan. I've probably seen every episode. So when they asked me to do it, my first thought was, "This is a prank, right?" **David Duchovny** and **Gillian Anderson** are just the coolest, so it's a dream come true.

You've been doing *The Soup* for more than a decade. Does the stuff on TV still shock you?

I've built up a bit of a callus after *Sex Box*. I couldn't figure out how they got it approved. They just allowed people to bang inside a box!

Is there someone you can always count on for material?

Early on, it was always **Tyra [Banks]**. Then it was **Britney Spears** and **Kevin Federline**. Now we love any show that has Bigfoot.

Caitlyn Jenner is being honored at the ESPYS, and you spent years poking fun at her as Bruce. How crazy is it that you will be there for her first awards-show appearance?

It's going to be pretty incredible to meet Caitlyn, because for years I knew her from *Keeping Up with the Kardashians*, and we made so much fun of that show. I have no idea how she feels about me, but there's no denying that what she did as an Olympian is just is amazing. I'm just excited to host, and I hope the athletes don't kill me at the end!

Don't miss the **ESPY Awards** on **Wed., July 15, at 8 PM ET on ABC**

TV PREVIEW

Plenty of Leah's celebrity friends will stop by for season 2.

LEAH REMINI: IT'S ALL RELATIVE

Wed., July 15, at 9 PM ET on TLC

Feisty actress **Leah Remini** is bringing the rest of the family back for another round of her reality show. The second-season premiere opens on an emotional note as the tight-knit clan rallies around daughter Sofia's nanny, who is preparing for her final round of chemotherapy. The series will also continue to focus on the family's life post-Scientology and how they navigate their experiences since leaving the religion in 2013.

WHAT EVERYONE IS TALKING ABOUT RIGHT NOW

AMBER'S LONG LONDON NIGHT

We've always thought that **Johnny Depp** is the party animal in their marriage, but maybe we should be keeping a closer eye on his wife, **Amber Heard!** After having a ball with several costars at *Magic Mike XXL*'s private cast party, Amber left the bash at London's members-only Shoreditch House looking a little the worse for wear. The 29-year-old actress, who plays Zoe — a potential love interest of **Channing Tatum**'s character — appeared to be keeping it together at first, walking on her own and signing a few autographs for fans, but she wobbled as she got closer to her waiting car and needed help getting in. Hopefully, she sped home to Johnny. What's the old adage? Couples who party together, stay together?

NEED A HAND?

Two people had to help a teetering Amber back to her car.
